Createspace, United States, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The hobby of amateur (or ham) radio is now 100 years old, but like technology in general, this pastime has evolved tremendously, not only keeping pace with the times but often leading the way as it has since its beginning. In this book, a unique blend of lighthearted, amusing and moving anecdotes, practical advice, and informed opinion, best-selling author and active amateur radio operator Don Keith (call sign N4KC) shows those interested in joining the tribe of amateur radio enthusiasts as well as newcomers to the hobby and old hands, too, just how magical and exciting it can be. With more than 700,000 licensees in the USA and well over a million worldwide, ham radio is bigger and more vibrant than ever, and has experienced tremendous growth with the advent of digital communications, software-defined and computer controlled radios, space technology and more. As Keith notes in this book, those who think the Internet, smart phones, and Facebook have made the hobby obsolete are sorely mistaken. Like the booming Maker Faire and hacker movements, this hobby offers the opportunity to explore as deeply as and in any direction desired. Similarly, hams are able to combine radio with many other activities like RVing, model building, astronomy, hiking, sailing, weather spotting, and more. Keith s book, written in an entertaining and easy-to-understand style, gives myriad practical, real-world examples. Also, today s ham radio does not necessarily require a strong knowledge of electronics, although Keith shows how young people getting into the hobby can segue into a career in such areas as engineering, cellular communications, broadcasting, computers and more. Whether the reader s interest is designing electronic gear, meeting new people around...
