SUM: TALES FROM THE AFTERLIVES

[DOWNLOAD](#)

Brilliance Corporation, United States, 2014. CD-Audio. Book Condition: New. Unabridged. 140 x 127 mm. Language: English . Brand New. SUM shows us forty wonderfully imagined possibilities of life beyond death. In one afterlife you may find that God is the size of a microbe and is unaware of your existence. In another, your creators are a species of dim-witted creatures who built us to figure out what they could not. In a different version of the afterlife you work as a background character in other people s dreams. Or you may find that the afterlife contains only people whom you remember, or that the hereafter includes the thousands of previous gods who no longer attract followers. In some afterlives you are split into your different ages; in some you are forced to live with annoying versions of yourself that represent what you could have been; in others you are re-created from your credit card records and Internet history. Many versions of our purpose here are proposed; we are mobile robots for cosmic mapmakers, we are reunions for a scattered confederacy of atoms, we are experimental subjects for gods trying to understand what makes couples stick together. These tales at once witty, wistful and unsettling are rooted in science and romance and awe at our mysterious existence while asking the key questions about death, hope, technology, immortality, love, biology and desire that expose radiant new facets of our humanity.
