

Investigating Science with Young Children

By Rosemary Althouse

Teachers' College Press. Spiral bound. Book Condition: new. BRAND NEW, Investigating Science with Young Children, Rosemary Althouse, This book outlines 85 lively activities the teacher can use in guiding three-, four-, and five-year-olds in a fruitful exploration of science. The first part of the book presents a theoretical explanation of the process approach advocated by the author; the second, the activities themselves: Exploring Water, Mixing Colors, Caring for Classroom Pets, Setting Objects in Motion, Discovering Seeds, Using Our Bodies in Space, and Working with Wood, to name a few.

Reviews

Very beneficial to all of class of people. I am quite late in start reading this one, but better then never. You may like just how the writer create this publication.

-- **Audra Klocko PhD**

Thorough information! Its this type of great go through. It is amongst the most incredible publication i actually have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
