Universal Law Pub, 2016. Soft cover. Book Condition: New. 2nd Edition. Medical Doctors work hard all through a life of struggle to qualify and cherish a position enabling them fit for service in health sector and acquire expertise to learn the art of healing. In terms of innate mental abilities, they come with higher grades than average to enter the profession. They acquire a new identity with a prefix of doctor to their name and the society expects the best from them often forgetting that they are like other humans and not infallible. This practice has multiplied enormously a litigious culture in society. In India doctors face an onslaught of emotional public wrath when medical mishaps take place and...
